California Scratch-Offs & 2nd Chance Program

California Scratch-Offs, commonly known as Scratchers, are instant-win lottery tickets sold at authorized retailers across the state. Players reveal symbols or numbers to determine if they have won a prize immediately — no scheduled draw required.

While Lottery Corner does not publish individual Scratchers ticket listings or remaining prize counts, players can use eligible tickets to participate in California's official 2nd Chance promotions.

What Are California Scratch-Offs?

Scratch-Off tickets are instant games available in multiple price points. Each ticket contains a predetermined prize structure, and overall odds are printed directly on the ticket. Once top prizes are claimed or the game officially ends, tickets are withdrawn from sale.

What Is the California Lottery 2nd Chance Program?

The California Lottery 2nd Chance program allows players to enter eligible non-winning Scratch-Off tickets — and select draw game tickets — into additional promotional drawings for cash prizes.

This gives players another opportunity to win even if their ticket did not win during the initial play.

How to Enter a Ticket Into 2nd Chance Drawings

- 1. Create an account on the official California Lottery website.
- 2. Log in to your account or use the official lottery mobile app.
- 3. Scan the ticket barcode or manually enter the ticket number.
- 4. Submit your entry before the posted deadline.

Only eligible tickets qualify, and each ticket can be entered once.

What Prizes Are Available?

2nd Chance promotions may include:

- Weekly cash prizes
- Promotional sweepstakes prizes
- Limited-time bonus drawings

Prize structures vary depending on the specific game promotion.

Important Rules

- Tickets must be entered before the stated deadline.
- Players must be 18 years or older.
- Only eligible tickets qualify.
- Entries are limited to one per ticket.

For full official rules, players should refer to the California Lottery's official promotion guidelines.

How to Claim a California Lottery Prize

 Most draw game prizes must be claimed within **180 days** of the draw date. Powerball and Mega Millions jackpots must be claimed within **one year**.

Prize Claim Levels

UNDER \$600

Claim at:

- Authorized California Lottery retailer
- California Lottery District Office
- By mail with official claim form

Retailers typically pay smaller prizes in cash.

\$600 AND ABOVE

Requires:

- Completed claim form
- Valid government-issued ID

Prizes up to \$1,000 may qualify for same-day payment at a District Office (subject to validation).

Larger prizes require additional processing at California Lottery headquarters.

California Lottery Tax Rules

- **State Tax (0%)** — California does not tax state lottery winnings. Whether you win \$1,000 or \$1 Billion, the State of California takes zero income tax from your prize.
- **Federal Tax (24%)** — Prizes over \$5,000 are subject to an immediate 24% federal tax withholding by the lottery commission.

Claim Deadlines

- Most draw game prizes must be claimed within 180 days of the draw date.
- Mega Millions and Powerball jackpot prizes must be claimed within one year of the winning draw date.
- Scratchers prizes must be claimed within 180 days of the announced end-of-game date.

Age Requirement & Anonymity

California law prohibits the sale of lottery tickets or payment of prizes to anyone under 18 years of age. Furthermore, California generally requires the disclosure of winner names and prize details as part of public record laws; winners cannot remain strictly anonymous.
